Help spot our young sporting stars

Do you know anyone aged between 11 and 19 years old who excels at sport? The search has begun for young sporting stars in East Sussex and we are looking for nominations for our Sports Development Awards.

Last year the council's PE and Sports Development Team distributed over 200 awards to young people in the county, including more than £15,000 to help them with their sporting ambitions.

The closing date for nominations and applications is Friday, 27 February 2009, so hurry!

Find out more and download an application form from the [East Sussex County Council website](#), or email Clare.cornford@eastsussex.gov.uk.

New Children and Young People's Plan 2008 -2011

The new Children and Young People's Plan (CYPP) has now been published.

The East Sussex CYPP is a plan to make East Sussex the best possible place in which to grow up. The Plan takes as its starting point the five outcomes for children and young people that many different organisations and agencies are required to work together to achieve under the Children Act 2004. It builds on progress made so far through the first CYPP published in 2006.

Read the [Children and Young People's Plan 2008-2011](#). For more information about the CYPP email the ESCC Children's Services [Planning, Performance and Information Team](#).
