Foreword

East Sussex County Council and its partners are making excellent progress in improving outcomes for all our children. It is with great pleasure that we submit documentation for both the Joint Area Review and Annual Performance Assessment (APA).

This documentation demonstrates our detailed understanding of where we are, the impact of our actions and how information and data are being used to drive and secure continuous improvement.

The documentation is structured as follows:

1. A navigation tool which will help you quickly to locate evidence related to the vulnerable groups across all the documentation.
2. A DVD called "Young Voices of East Sussex". This will enable you to hear first hand what children and young people, including those from vulnerable groups are telling us in East Sussex and the impact their participation has had on policy and practice.

For a copy of the DVD, please contact the Performance Improvement Manager, email: sarah.hinks@eastsussex.gov.uk

3. The review of the Children & Young People's Plan.
4. Short briefing notes on each of the vulnerable groups subject to inspection.
5. An annual self assessment for 2006/7 covering each Every Child Matters outcome area and Service Management. It also includes our annual self assessment evaluation grades for 2007.
6. Glossary of terms.

Navigation Tool

The documentation tells the story of our services for all children and young people in East Sussex. We appreciate, however, that you will be looking particularly at how our services provide for the most vulnerable. The navigation tool, therefore, is designed to help you home-in on evidence within the CYPP Review and annual self-assessment which relates to these groups:

- ◆ in hard copy, you will notice that each category lists a series of page numbers where relevant information can be found in each document;
- ◆ the electronic versions contain hyperlinks to the relevant documents. The back button will bring you back to the navigation tool.

If there are issues not listed in the navigation tool which you wish to find easily and quickly, you can also search within the electronic documents by selecting the search button, typing in your word and pressing the return key.

- ◆ In adobe acrobat (pdf) documents, the button looks like this:

- ◆ In word documents, the button looks like this:

Please note that, for ease of reference, underpinning policies and strategies that relate to the CYPP are listed against the relevant outcome priorities in Appendix 2, the CYPP Action Plan 2007/08.
