

Community Safety

Opportunities:

- Joining up safer/pubbing clubbing work
- Need to increase emphasis on monitoring outcomes – focus on effective working

Issues:

- Collaboration without losing local focus – reducing meetings e.g. road safety
- CSM meetings – revolving chair
- Collaborating on violent crime agenda especially Hastings & Eastbourne
- Do a review – look at best practice
- Re-visit national standards
- Bringing best practice from other areas – including funded roles – how well are they working?
- More promotion of success stories
- Local newssheets – also links with Neighbourhood Watch
- Develop clearer understanding of cross-cutting impact of arts, sports & culture
