## ABOUT THE EVENT

This event is about finding partnership solutions to the challenges we are facing. As the Local Government Association summarised earlier this year... “The social, economic and environmental challenges facing our communities are intense. On top of this we are now facing a lengthy period of spending constraint and real-term cuts. Public expectations remain high and people will look to councils and local partnerships to find new ways of maintaining and improving the quality of services which they receive.”

## ABOUT ESSP

East Sussex Strategic Partnership (ESSP) brings organisations together to plan local services and tackle the issues that matter to local people.

Our main tasks are to:

- develop and deliver the Sustainable Community Strategy for East Sussex, [Pride of Place](#), a long-term plan for improving quality of life for those living and working in East Sussex
- deliver the East Sussex [Local Area Agreement](#), and other action plans, which aim to tackle the priorities set out in Pride of Place
- report on [our progress and performance](#) to the Government Office for the South East (GOSE), local partners and the general public
- provide leadership on countywide issues where no other appropriate organisation or partnership can be identified.

## ABOUT THE EAST SUSSEX ASSEMBLY

The [Assembly](#) is the ESSP's consultative and advisory forum, and one of the largest cross-sector networks in the county. It comprises almost 100 organisations and partnerships from the public, private and voluntary and community sectors that are involved or interested in public services and improving life in East Sussex.
