

It's recovery but not as we know it..

- A helix rather than linear experience needing an new approach to integrated response and recovery
- Sussex wide arrangements are based in three parts – working together where adds value
- Rooted in what we already know about East Sussex and keeping a close eye on changes
- Strong partnerships and building into business fundamental – not a side show
- Using the learning and not just talk about it
- Recognise the gravitational pull to the familiar will be strong so need to work hard to make the most of opportunities
- Money is really tough – quantum and lack of certainty
- Lobbying by many voices will be key
