

# East Sussex Strategic Partnership AGM

Andy Arnold, East Sussex County Council  
Michael Turner, Environment Agency

# **This breakout group:**

1. what needs to happen.
2. examples of what's happening.
3. three questions to discuss.

# The science bit

## To limit warming to a 2°C rise ...

---

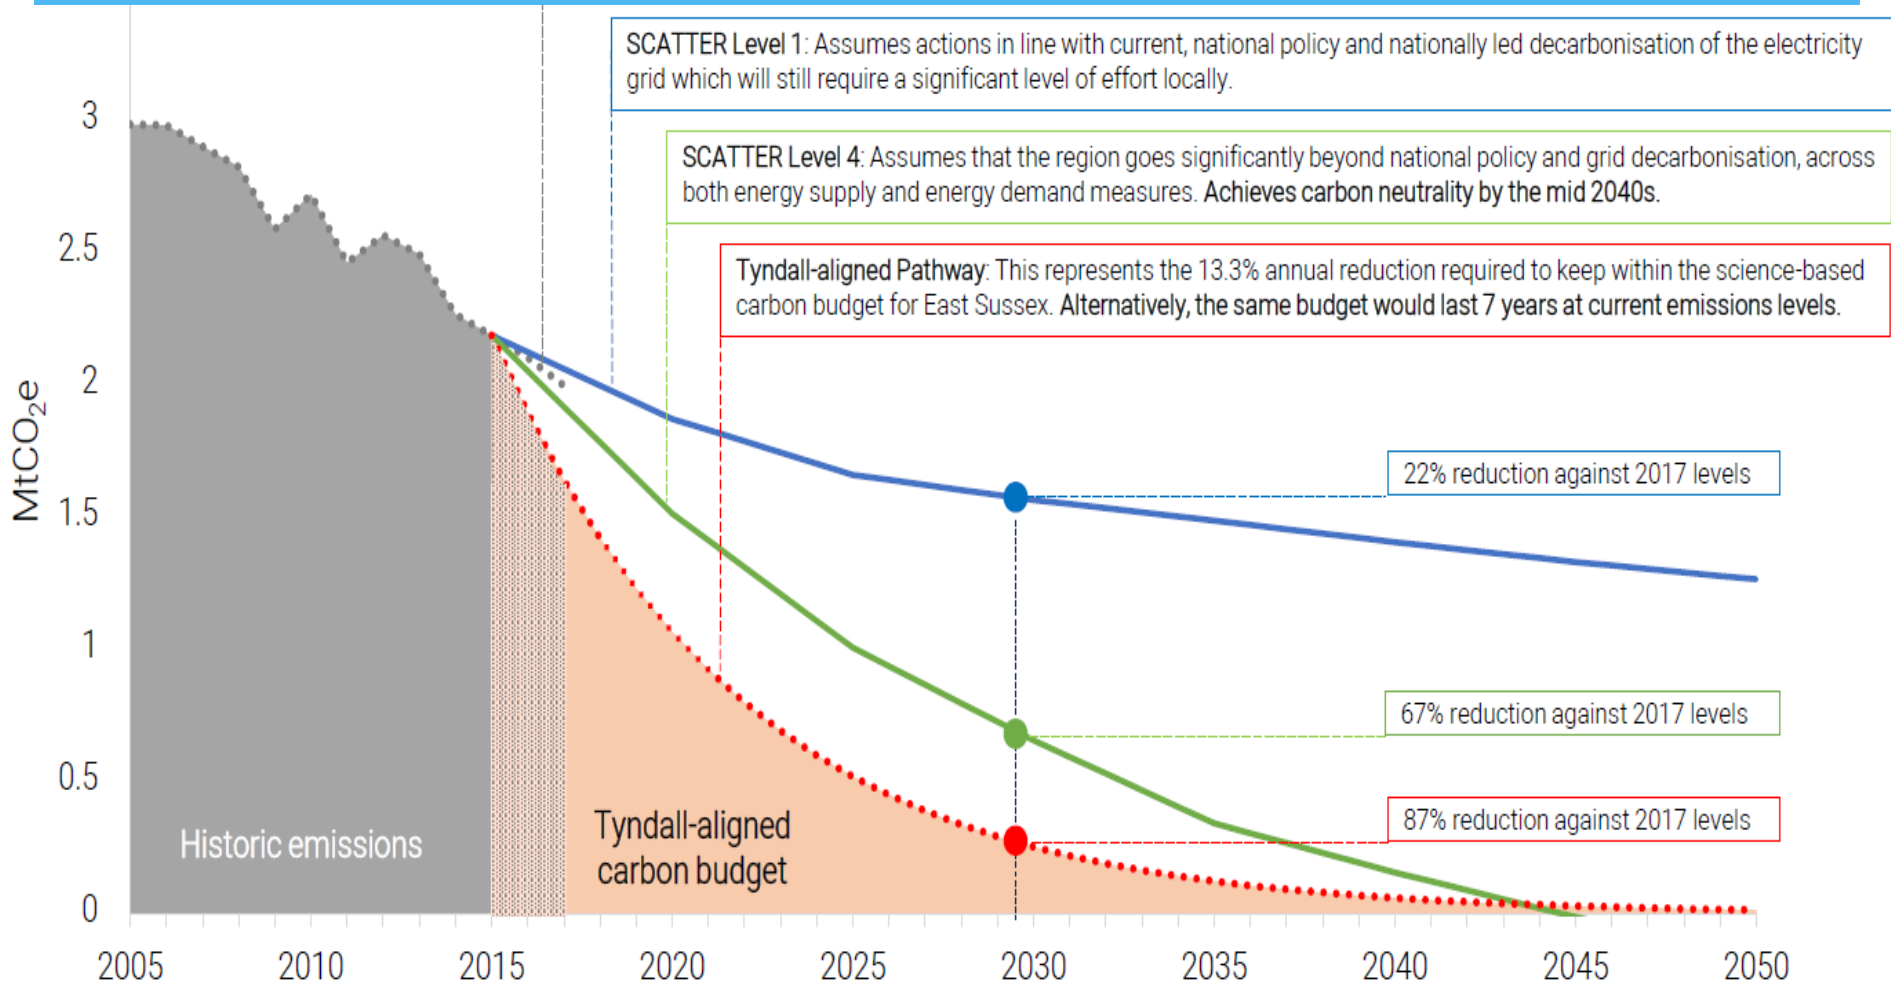

we have a set  
global carbon pie

*i.e. total CO<sub>2</sub> that can be  
emitted from now to  
forever ...*

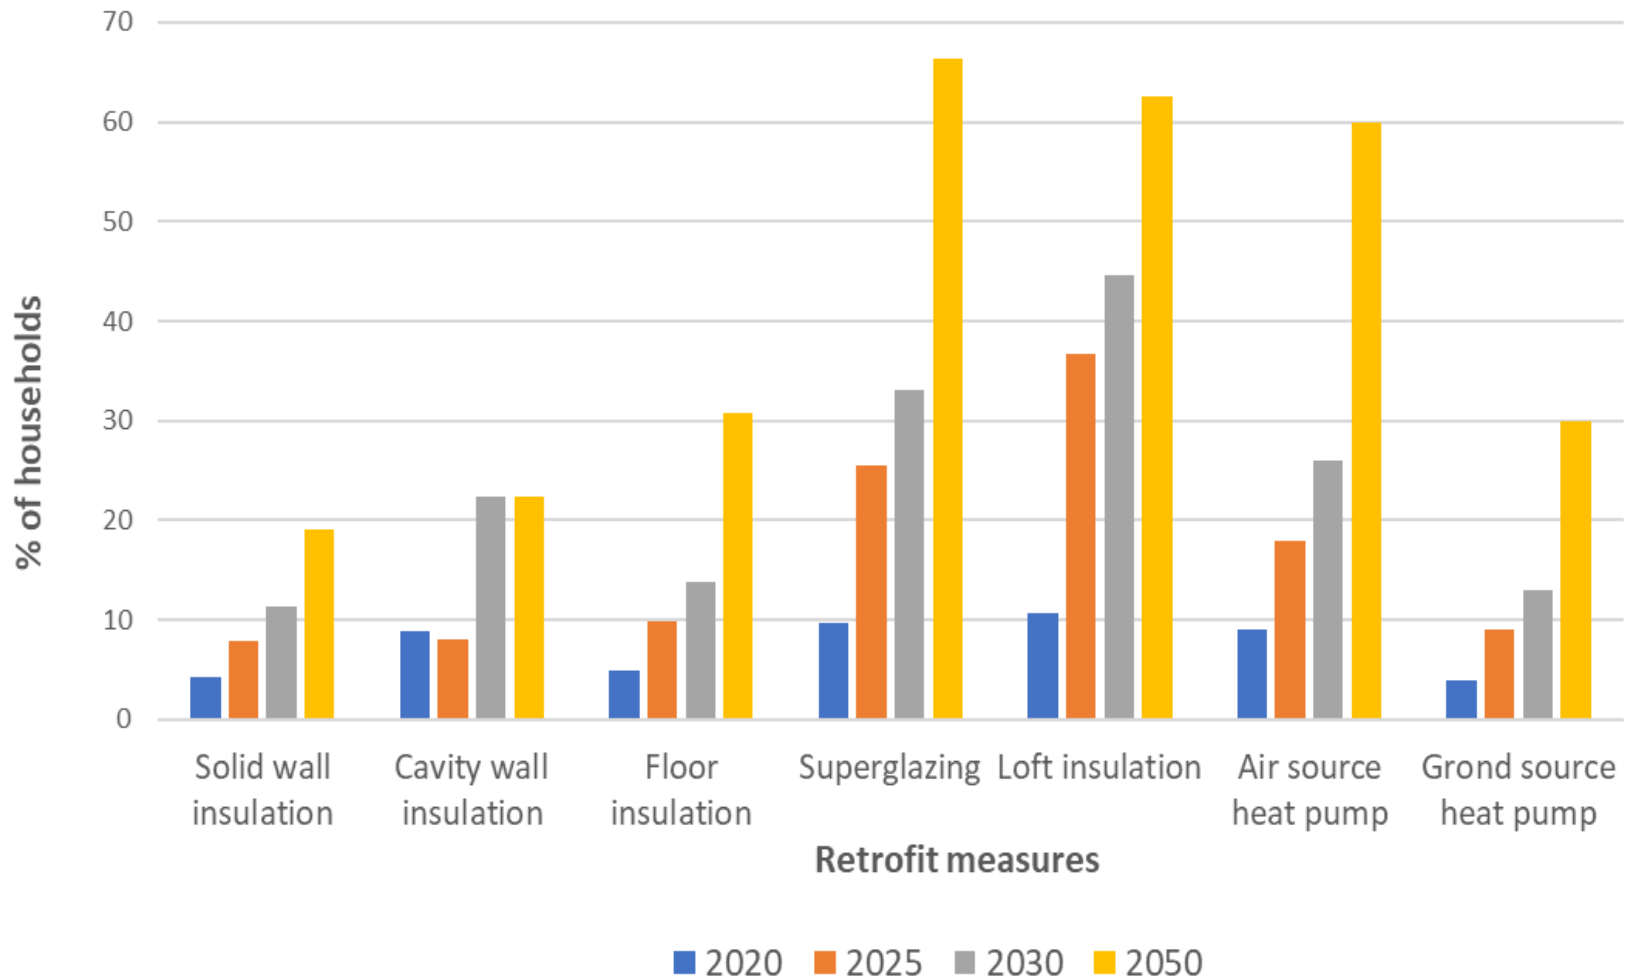

... this needs to be split  
**equitably** amongst  
all of the world's nations

# The carbon budget for East Sussex

# The scale of the challenge

# Examples of local programmes

- \* ESCC: has cut corporate carbon footprint by 60% in 11 years.
- \* Environment Agency: to meet 'net zero' by 2030, including contractor and commuting carbon

# 3 questions to debate for 5 minutes each:

## Question 1:

In what ways do you think Covid-19 has changed our ability to address climate change?

# 3 questions to debate for 5 minutes each:

## Question 2:

What are the main barriers to individuals and organisations doing more to address climate change?

# 3 questions to debate for 5 minutes each:

## Question 3:

How do you think public support for large and rapid change can be gained?
