# Is Net Zero for us?

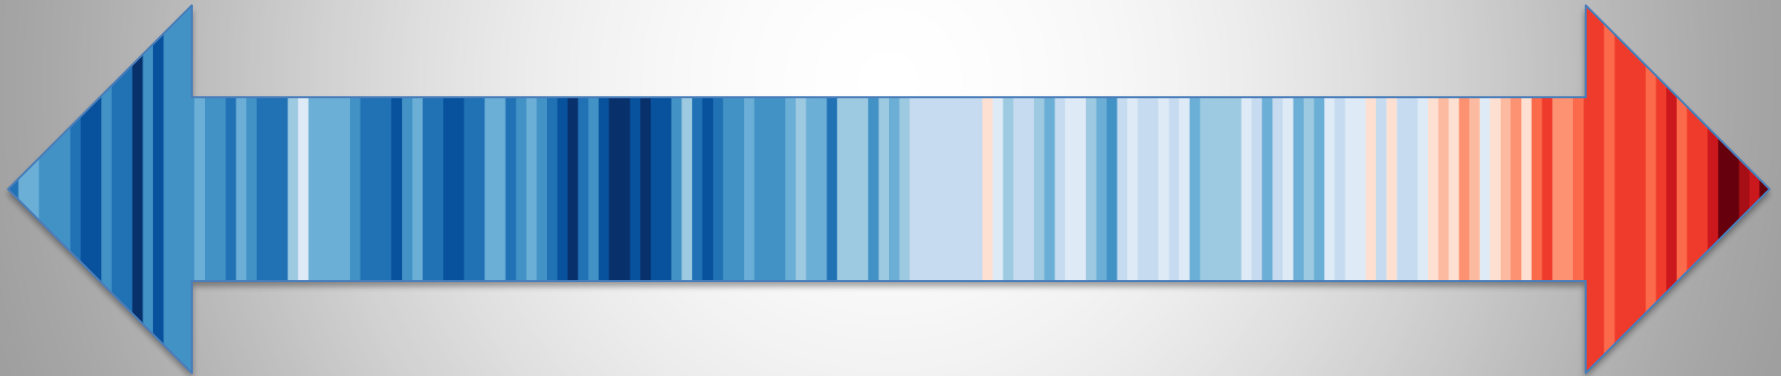

- International treaty – the Paris Agreement
- Countries committing to Net Zero
  - Legally binding targets - UK, Japan, Korea, China
- Business leaders
  - Operational footprint and some their supply chain
  - Unilever, BT and Ikea
- Trickling down to the rest of us...

# Question

- What environmental management activities have you done in your organisation?
  - Environmental Policy
  - Calculated your Carbon Footprint
  - Set target(s) e.g. energy, waste, carbon
  - Set Net Zero target
  - ISO 14001 Environmental Management System
  - None of these

# Net Zero Journey

# Net Zero Journey

## Scope 1 - Direct Emissions

- Gas
- Company Vehicles
- Refrigerant gases
- Other fuels

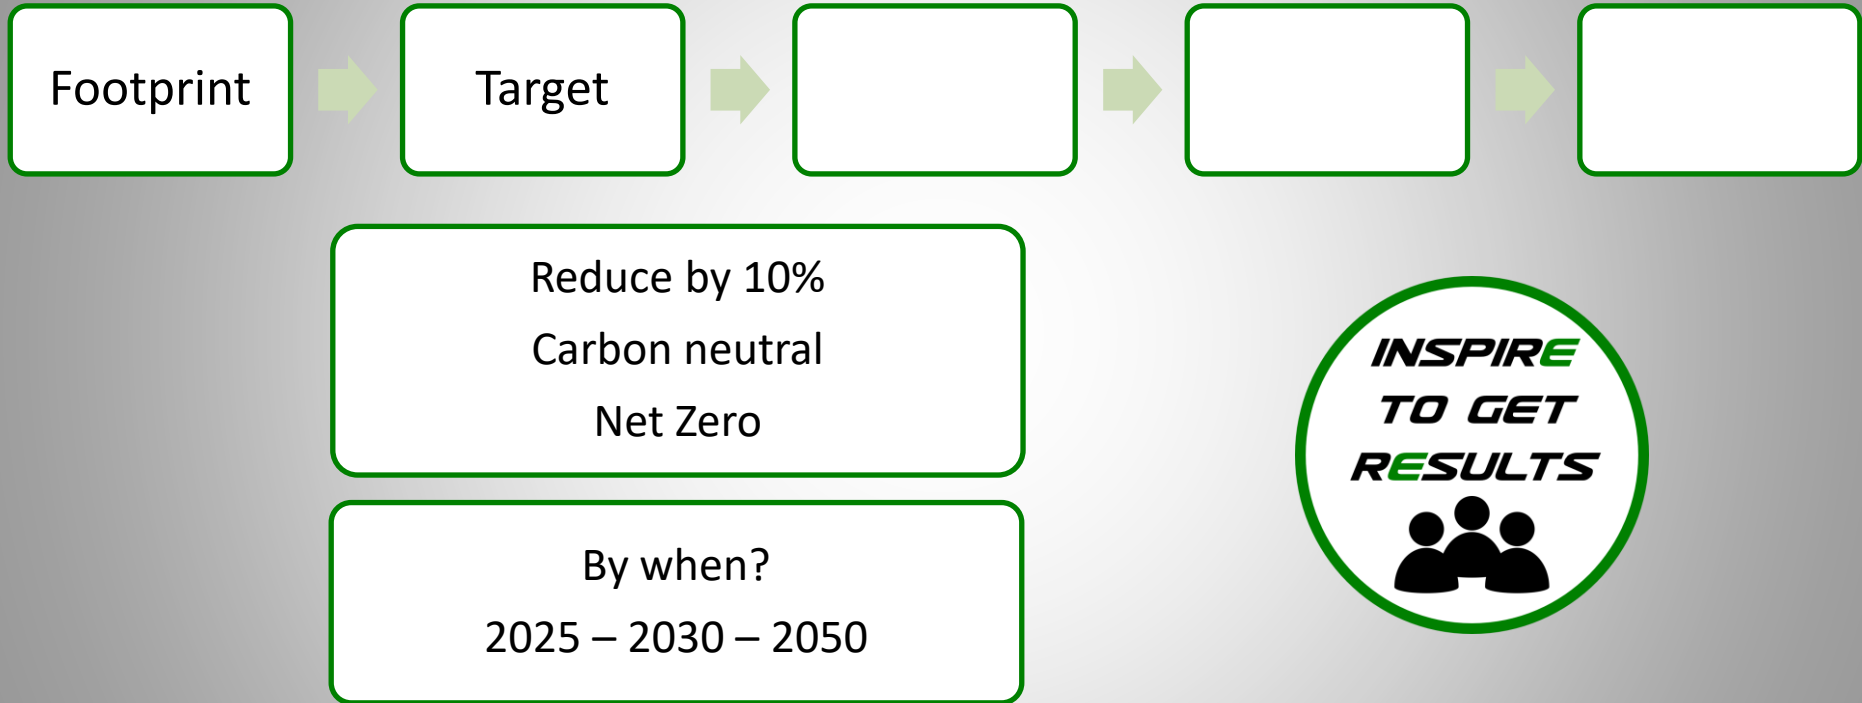

## Scope 2 - Indirect Energy Emissions

- Electricity
- Imported power, heat or steam

## Scope 3 - Other Indirect Emissions

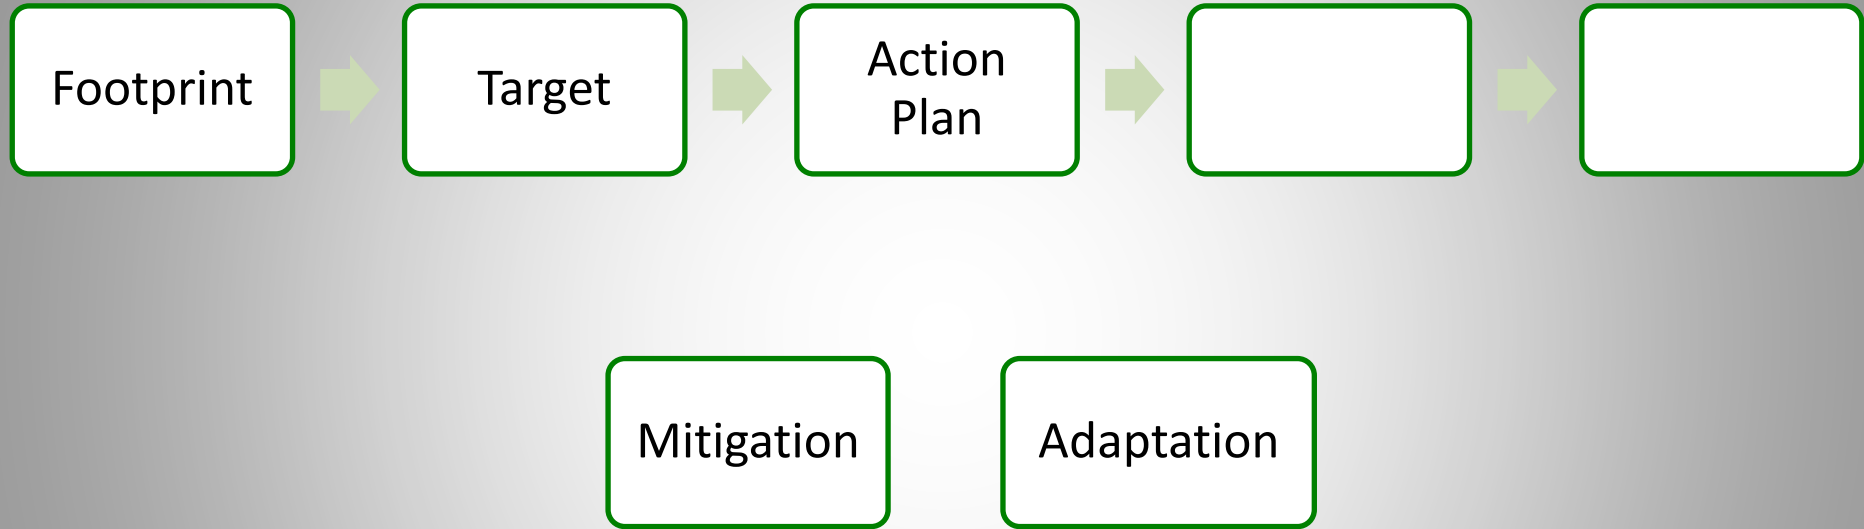

- Business travel - grey fleet, air, public transport
- Waste
- Water
- Materials etc

# Net Zero Journey

# Net Zero Journey

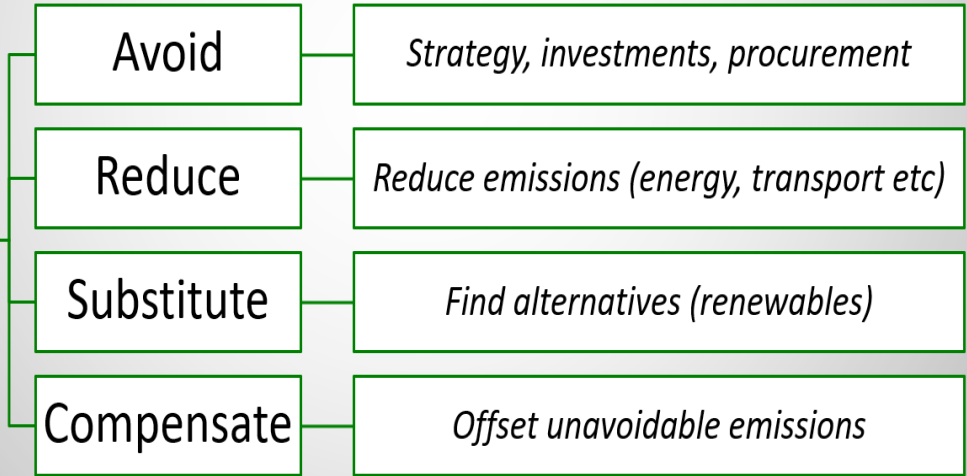

# Net Zero Journey

Mitigation

## Carbon Management Hierarchy

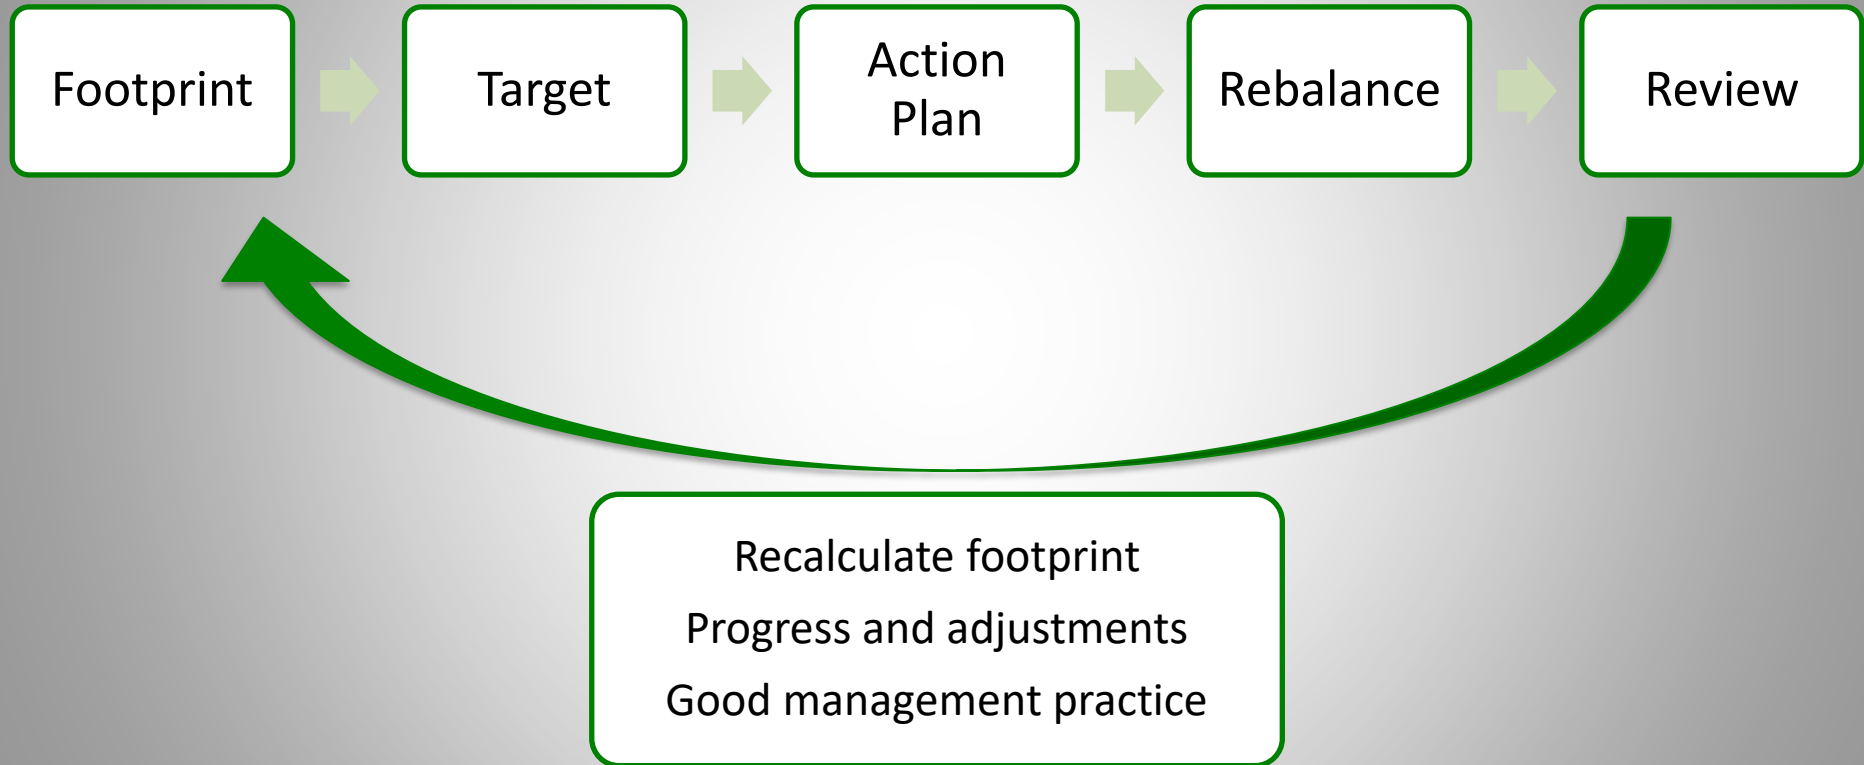

# Net Zero Journey

Off-setting projects  
e.g. energy efficiency,  
woodland management  
By when?

Greater reductions early will  
reduce cost of offsetting

# Net Zero Journey

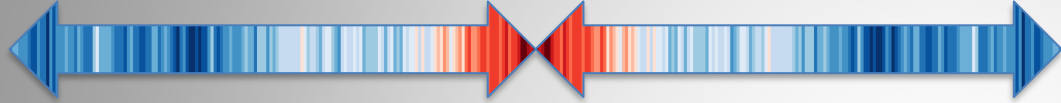

# Not ready for Net Zero?

Don't Rebalance  
Focus on reductions  
Still loads of opportunities  
for you

# Your Net Zero Journey

Making your Net Zero Journey  
straight forward, achievable and  
successful!
